

# SHALLOW AQUA DUMPS

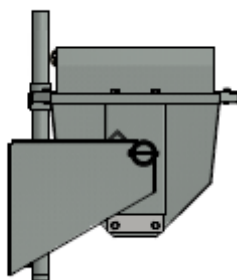

*CLEAN WATER FOR COWS*

## FAST REFILL, SAVING COST

Introducing our **Shallow Aqua Dump** - a cleaning solution designed to make your life easier and more efficient. With its user-friendly dumping system, it operates just like our standard Aqua Dump, but with a unique twist. It holds less water, making it a more cost-effective option for cleaning, refilling, and dumping. As we all know, the quality of water affects the milk production of cows. No need to fret about running out of water, as our East Rock Aqua Dumps have a fast refill rate to keep up with your herd's thirst.

**FLOOR MOUNT**

**WALL MOUNT**

### **FEATURES & BENEFITS**

- Floor and wall mount options
